

Community Service

When: 9 AM- 12 PM, Saturdays in April

Where: Meet at Sabercat Historical Park Public Restroom
(1837 Via Orinda, Fremont, CA 94539)

Join Math Science Nucleus paleontologist Gaetano Palazzo in re-making part of Sabercat Historical Park into a fossil excavation site!

After a short hike, we will be filling trenches with sediment used to survey the age of the rocks. Next, we will go into Mammoth Creek's dried out bed and clear away vegetation like poison oak while prospecting for fossils.
